I had the pleasure of attending a series of 3 courses conducted by Dr. Debraj Shome, with the support of M/S Allergan Pharma on the subject of 'The use of botulinum toxin and fillers in facial aesthetics.' The courses were extremely useful. They covered practical anatomy evaluation, principles and theory of treatment and the injection techniques. The courses were very professional, superbly planned and executed. Dr. Debraj Shome added a lot of weight to the courses by his immense knowledge, practical experience and skills. I have gained a lot from being a part of these courses.

I would like to compliment Dr. Debraj Shome for his passion for excellence and teaching in this field.

Regards,

Dr. Ashok Kumar Grover
